

What We Do

Week 1 - Because of What He Did...

Discussion Guide

There is a scientific law that states for every action there is a reaction. Life is full of events, some we choose and some we don't. For every event or action in our lives we must respond. God has done amazing things for us, and now we must choose how to respond.

1. What is the best reaction to a gift you have seen or had?
2. Money can be a touchy subject in the church. What is your experience on the topic?
3. "We Surrender Completely" was the first point we talked about this weekend. We cannot respond correctly to God until we realize what He has done for us. What have you seen God do in your life?
4. Our response to God is "We Give Generously." How do you view money? Is it something you earned and have rights to, or is it something God gives to you?
5. Final Thought: "We Celebrate Passionately." God has done so many great things in our lives and in our church. Part of the reason is because He uses our finances to bless others. As a Jesus follower, are you following the call to tithe? As a part of the church, how can you ask God to challenge you in being more generous so that we can celebrate even more life change?
